

## **Product Index / Catalogue**

**XXIV International Exhibition AGRO 2012**  
**September 5 – 8, 2012**

### **1. Agricultural science and education**

- 1.1 Research and development institutions
- 1.2 Educational institutions

### **2. Agricultural economy and agricultural management**

- 2.1 Agricultural consulting
- 2.2 Agricultural management
- 2.3 Agricultural resources
- 2.4 Advisory services
- 2.5 Investment projects
- 2.6 Quality Management System of agricultural products

### **3. Agro-industrial building**

- 3.1 Hangars, carports
- 3.2 Building materials
- 3.3 Building of granaries, elevators, silos
- 3.4 Building and reconstruction of livestock and poultry facilities
- 3.5 Melioration and hydraulic engineering
- 3.6 Heaters, heat generators
- 3.7 Building and equipment of facilities and production lines
- 3.8 Greenhouses and film tunnels

### **4. Agrotechnics**

- 4.1 Elevators, granaries, silos, bucket elevators
- 4.2 Spare parts for agricultural machinery
- 4.3 Harvesting machinery and equipment
- 4.4 Conveyors
- 4.5 Soil preparation machinery, tillage equipment and tools
- 4.6 Fertilizer and irrigation machinery and equipment
- 4.7 Machinery, equipment and tools for plant protection and cultivation
- 4.8 Planting and seeding machinery and equipment
- 4.9 Post harvest processing machinery, equipment and plants for fruits
- 4.10 Mobile and autonomous power plants
- 4.11 Forestry machinery and equipment
- 4.12 Repair and maintenance equipment for agricultural machinery
- 4.13 Hand agricultural tools
- 4.14 Tractors
- 4.15 Twine for machinery (presses and schaefers)

### **5. Agricultural transport and logistics**

- 5.1 Isothermal vehicles
- 5.2 Container shipping
- 5.3 Logistics management process for delivery
- 5.4 Loading and unloading machinery and equipment
- 5.5 Mobile and mini petrol /gasoline / gas filling stations
- 5.6 Storage / Warehouse networks
- 5.7 Terminal systems
- 5.8 Vehicles with refrigeration unit
- 5.9 Vehicles with tanks for the transport of solid materials
- 5.10 Vehicles for transportation of loose materials in bulk
- 5.11 Universal chassis
- 5.12 Tanks

## **6. Agrochemicals**

- 6.1 Plant protection
- 6.2 Chemical / mineral fertilizers
- 6.3 Organic fertilizers
- 6.4 Regulators and growth promoters / stimulators

## **7. Bioenergy**

- 7.1 Biofuel production plants
- 7.2 Equipment and premises for silage
- 7.3 Raps and other varieties of plants for biofuel production

## **8. Veterinary medicine**

- 8.1 Veterinary instruments
- 8.2 Veterinary preparations
- 8.3 Dispensers of medicines and vitamins

## **9. Livestock genetics**

- 9.1 Genetic materials
- 9.2 Tools and materials for artificial insemination
- 9.3 Embryo transplantation
- 9.4 Equipment for the diagnosis of pregnancy / gestation

## **10. Information and communication technology**

- 10.1 GPS systems
- 10.2 Expert systems for agriculture
- 10.3 Intelligent monitoring systems for agriculture
- 10.4 Management systems for agricultural companies

## **11. Information services, media**

## **12. Feed industry**

- 12.1 Machinery and equipment for fodder harvesting
- 12.2 Industrial food and feed additives
- 12.3 Equipment for the production of feed mixtures and concentrates
- 12.4 Equipment for the manufacture of flour of animal and fish origin

## **13. Laboratory and testing equipment**

- 13.1 Equipment and reagents for microbiological studies
- 13.2 Libra
- 13.3 Measuring and control equipment
- 13.4 Laboratory furniture
- 13.5 Optical sorters, detectors

## **14. Melioration, irrigation, water management**

- 14.1 Irrigation installations / systems
- 14.2 Container stations and water treatment equipment
- 14.3 Machinery and equipment for water and sewer works
- 14.4 Mini hydroelectric stations / water power plants
- 14.5 Equipment for drainage
- 14.6 Sewage treatment plants and equipment for waste water treatment
- 14.7 Special machines and equipment for land melioration

## **15. Equipment for livestock farming and poultry**

- 15.1 Livestock equipment
- 15.2 Stalls and stable equipment
- 15.3 Feeding and watering equipment
- 15.4 Milking equipment, pre-treatment of milk
- 15.5 Poultry equipment
- 15.6 Machinery and equipment for microclimate
- 15.7 Feed preparation and feeding equipment

## **16. Gardening, horticulture**

- 16.1 Amateur seeds
- 16.2 Garden furniture
- 16.3 Fertilizers for gardening
- 16.4 Small gardening tools
- 16.5 Irrigation and watering for gardens
- 16.6 Garden architecture
- 16.7 Lawn mowers, aerators
- 16.8 Garden soil

## **17. Poultry breeding**

- 17.1 Poultry farms
- 17.2 Ducks and geese
- 17.3 Chickens, turkeys, guinea fowls

## **18. Fish industry**

- 18.1 Fishing equipment
- 18.2 Fish farms
- 18.3 Fish breeding

## **19. Plant growing**

- 19.1 Wine-growing
- 19.2 Supporting materials for plant growing
- 19.3 Cereals, potatoes, seeds, oilseeds, legumes, row crops, and other industrial plants
- 19.4 Machinery, equipment, tools for vegetable production, horticulture, viticulture
- 19.6 Mushroom growing
- 19.7 Seeds of agricultural plants
- 19.8 Vegetable gardening
- 19.9 Fruit gardening

## **20. Animal Breeding**

- 20.1 Cattle breeding
- 20.2 Breeding of waterfowl animals
- 20.3 Horse breeding
- 20.4 Breeding of rabbits and fur animals
- 20.5 Sheep and goats breeding
- 20.6 Pig breeding

## **21. Work safety and hygiene**

- 21.1 Personal protective equipment (PPE)
- 21.2 Equipment for cleaning and disinfection of vehicles and premises
- 21.3 Sterilization lamps against insects

## **22. Utilization**

- 22.1 Waste removal and waste pretreatment equipment
- 22.2 Organic fertilizers
- 22.3 Microbiological treatment technologies

## **23. Food and food-processing industry (equipment, products)**

- 23.1 Alcoholic and soft drinks
- 23.2 Non-alcoholic drinks, juices, water, coffee, tea
- 23.3 Confectionery
- 23.4 Canned food
- 23.5 Washing and sanitary equipment
- 23.6 Meat and dairy products
- 23.7 Packaging equipment
- 23.8 Food production and food processing equipment
- 23.9 Food storage equipment
- 23.10 Fish and seafood
- 23.11 Bread and rolls, bakery products
